

Habitat for Humanity

Lois Dunn has donated a Quilt hand-made by her late mother, Leila Weirick, to be used to raise funds toward our goal of \$5000 for Habitat for Humanity's Apostles Build. The Session is seeking the best way to make use of this generous gift. We are exploring the option of holding a Public Auction at which other hand-crafted, collectible items might be offered for sale. We know that there are many gifted artists and artisans in this congregation.

We are very interested in knowing if there are those of you who would be willing to donate an item of salable quality to benefit our pledge to Habitat for Humanity.

Please tear off this form and place it in the offering plate, give it to Mickey Buck or Meta Cramer, or get it to the Church Office.

Thank you for your help!
